Another successful year for team of Nilaya foundation and its esteemed donors. The year gone by has helped us enhance the efforts. Here are few things we would like to share with you as we look forward to year ahead:

- An increase in scholarships award amount to be relevant with times. This leads to increase in the total amount we are going to distribute
- We saw leap in the merit from students seeking assistance. More students secured state/district ranks, higher percentiles, got enrolled into premier institutes and many more
- Higher percentage aspirants come from more needy background. Parents working on seasonal vocations, part-time jobs, single parent incomes among others
- HH Pejawar Sri has appreciated and blessed our work. He promised to contribute ₹1L every-year going forward
