

Nilaya Foundation 2017-18 Overview

We, at Nilaya Foundation, feel privileged to share the joy with you in giving back to society. With blessings of holy seers, esteemed donors and well wishers, we were able to award close to ₹11Laks to 136 students in 2017-18. This is the highest contribution in a year and an increase of 40% compared to 2016-17.

THANK YOU for making it happen! This increase in scholarship amount helped to meet major percentage of student fees which resulted in great performance as evident from testimonials.

In the year 2018-19, Foundation has decided to support complete educational expenses of 4-5 students. Foundation requests full support from the esteemed donors in this initiative.
